

## The Federal Nutrition Programs in Maryland

The federal government's nutrition programs – the Food Supplement Program, School Lunch, School Breakfast, Summer Food, the Child and Adult Care Food Program, and WIC – provide healthy and nutritious food to hungry Marylanders.

- **The Food Supplement Program** (formerly the Food Stamp Program) provides assistance to help low-income families buy food and eat healthy. The program provides a monthly sum of money on an Electronic Benefit Transfer (EBT) card to be used, like a debit card, at most grocery stores and other food retailers.

- **The School Breakfast Program** provides nutritionally balanced breakfasts to children each school day. Children are eligible for free, reduced, or paid breakfasts based on their families' incomes. Any public school, charter or nonprofit private school of high school grade or under, can participate in the National School Breakfast Program. Public or nonprofit private residential child care institutions may also participate in the School Breakfast Program.
